Enroll in Be the Voice NOW: Stand Up Against Bullying

By Debbie Cwalina
Bullying has impacted all of us one way or another, either firsthand or as a bystander. For many, it leaves lifelong scars. My experience involved growing up with a sibling who was developmentally delayed and struggled with social interaction. He was the kid who sat alone at lunch, or recess and was largely ignored by his peers. From a very early age, I learned how one simple act of kindness or inclusion could change the trajectory of someone's life – a realization that ended up providing the baseline of the Be THE Voice initiative!

The Rotary Foundation

Congratulations Will MacArthur!

By Jackie Cuthbert

At District Conference, Will MacArthur (RC of Sandy Springs) received the prestigious Rotary Foundation Citation of Meritorious Service from The Rotary Foundation. Each year a Rotary district may nominate one person to receive this award, recognizing that person for their active service to the Rotary Foundation. It does not recognize giving, but actual, personal service to the Foundation for a long period of time. It is the second highest award you may receive from The Rotary Foundation. And to be eligible to receive the highest Foundation honor, you must have received the Citation for Meritorious Service.

Thanks to Will for his dedication to District 6900's work with the Rotary Foundation! [more]

By Kathy Brandt

Editor's Note: Sean Minton, Rotary Foundation Global Grant Scholarship recipient for 2019-2020, visited RC North Columbus where Robbie Green is a member, and RC Dunwoody last month to express appreciation to these clubs for supported him during his scholarship year. In preparation for his visit Sean sent the following update we hope you will enjoy. We also hope it inspires you to look for college seniors who will graduate next spring and wish to pursue graduate studies in one of Rotary's seven areas of focus. Applications for Fall 2024 are due October 16, 2023. Check the link at the bottom of Sean's story to see more details.

My time in London attending King's College London, tying in with the Rotary Club of London, and starting up the Rotaract of Club of London affects my perspective on the world every day. My time abroad gave me a deeper understanding and more diverse perspective on global issues of peace and conflict prevention/resolution, listening to others from around the world and hearing their views. Today, more than ever, we have to listen to know how to address the problems of our time. This was by far the greatest lesson that the Rotary Global Grant Scholarship gave me, and I am blessed to have been given the opportunity.
